RESPONSIBLE DISTRIBUTION

**Customer Policy
For**

PRODUCT STEWARDSHIP

As a member of the National Association of Chemical Distributors (NACD) we are committed to Responsible Distribution.

We will work with our customers to ensure the safe handling, storage, use, distribution and disposal of our products in order to protect the health and safety of employees, communities and the environment.

We request that you review your current operating practices and identify actions you take to reduce risks and improve your safety, health and environmental performance.

As a valued customer we pledge our support to you in helping you achieve these goals and understand the expectations of Responsible Distribution.
